Extentended hours, After hours care, Evening care, Weekend care, Overnight care.

All Child Care Solutions Inc

PARENTS INFORMATION & DAY CARE POLICY

"Welcome to **ALL CHILD CARE SOLUTIONS INC,** a Government licensed Agency**"**

1 REGULATIONS

The Regulations for Private Home Day Care are set out in the Child Care And Early Years Act (2014), the Provincial Home Day Care Guidelines, the Municipal By-Laws and the Agency policies, rules and regulations.

2 OFFICE HOURS

Office hours are from 9:00 am to 5:00 pm, Monday – Friday. We are closed on statutory days.

3 PHILOSOPHY

In our view, a child's positive learning experience is achieved in a variety of ways; independently and with guidance of Agency staff and trained caregivers. Children flourish in an environment that is nurturing and welcoming; where they can feel safe and important knowing that there is always support and love surrounding them. When our caregiver's aims to provide high quality care, they must look at each child and recognize their individual needs, (based on the "How Does Learning Happen Framework"). As well, acknowledging the need to provide support for the entire family unit. It is our hope that your experience with our Agency policy, program and directions given to providers daily while caring for your child (ren), will be positive and also rewarding.

4 AREA OF OPERATION

All Child Care Solutions Inc. operate Private Home Day Care in the following areas.
Toronto East, East York, Scarborough, parts of North York, York Region and Durham Region.

5 INSPECTION

All the day care homes being managed and supervised by the Agency are open for inspection at anytime by the: Fire Department, the Public Health Department, Children's Services and the Ministry of Education.

A qualified field worker or (home visitor), from the agency makes a visit to the homes on a monthly basis, to work with the provider and the children. The field worker will make sure everything is running smoothly in the home. Visits are scheduled or unscheduled. It all depends on the home and how the Home Visitor feels about the provider and the operation of their home.

6 STAFF QUALIFICATIONS

All staff members of the Agency are qualified Registered E.C.E teachers, social workers, childcare workers or equivalent. The Agency is directed by the Hermelijn Family.

7 PRIVATE HOME DAY CARE HOURS and RELEASE OF YOUR CHILD(REN)

The homes are open to children and parents between 7.00 a.m. to 6.00 p.m. After 6.00 p.m. is evening extended care; which has a separate fee, and is paid to the agency. Most parents need full time day care for a maximum of 10.5 hours per day. The Agency offers 24-hour care on a 7-day per week basis; with a **MAXIMUM** of 23 hours of continuous care. Emergency Care for Holidays are also available upon request. Statutory Holiday Care is provided on the availably of the caregiver in each home per request of the parent/guardian. When Statutory Care is provided, it will operate on the *regular* daytime/extended care schedule.

NOTE: Your child may be released only to the person whose names are written on our forms and is also made aware to the provider. Also let provider know in advance if any one else is picking up your child.

Please inform the office and provider if your circumstances have changed.

8 PRIVATE HOME DAY CARE PROGRAM

The Agency offers the following:

a) Quality childcare in a relaxed home atmosphere (many non smokers homes)
b) Ages Served: Infant to School Age
c) Reliable childcare in your own neighbourhood, or close to your work place
d) Small groups of children to meet the child's individual needs. (HDLH)
e) Flexible times. (24 hrs / 7 days per week care)
f) A back-up system, where alternative care is available, when your regular provider is ill or on vacation.
(Parents will meet a back up caregiver first). Sometimes a family member of provider.
g) First-Aid/CPR and Epi-Pen training is mandatory for all providers.
h) **INSURED HOMES.**
i) Flexibility to match families with similar backgrounds or cultures. (If requested)
j) Support service from outside Agency and other community services. (Resource Teachers)
k) Childproof homes with smoke detectors, carbon monoxide, fire extinguisher installed and first aid kits.
l) Ongoing training for providers through: workshops, training group and meetings, usually held on weekends
m) Monthly supervision of homes to assist the provider with program planning, creative activities, menu
planning, outdoor activities, toilet training, behaviour management, record keeping, etc.
n) Transfer arrangements can be made if you're not happy with your provider and if issues or concerns cannot be resolved.
o) All our providers are working under contract for the Agency.
p) Affordable fees see fee schedule.(Subsidy fees are paid as per subsidy agreement from Children Services)
q) **Behavior Management Policy and Procedures, Child Abuse Policy, Code of Conduct are few of many important policies implemented by our agency to maintain best practice in the industry. Family Vulnerable Sector and Criminal Checks are done by The Police Services; Medical Health and Wellness checks for all persons living in the home are strictly enforced by All Child Care Solutions Inc. As well.**

9 FOOD – FORMULA

Parents must provide all food and formula until the child is 15 months old. Bottles, containers or jars must be labeled with the child's name, (first and last). After 15 months, the caregiver will be responsible for providing food for the child. At this time, the lunch and 2 daily snacks will be included in your fee. (For proper nutritional assurance, providers do not mix baby's formula). Parents must supply ready-made bottles of milk/formula to the provider. The parents must give breakfast and supper at their own home prior and commencing care. The Agency assists the provider with menu planning. Resources based on Canada's food guide, Public Health, Health and Welfare Canada and others.

"OUR PROVIDERS ARE AWARE OF THE IMPORTANCE OF GOOD NUTRITION; (menus based off of the recommendations set from the Canada's Food Guide) and FOOD ALLERGIES".

10 CLOTHING

Parents must make sure that they supply enough clean clothes and diapers for their children; (please label child's clothing). Children must wear running shoes at providers home in the summer, so that the can take part in outdoor activities. Open toe shoes, crocs and slippers are not permitted for outdoor activities.

11 PROVIDERS

Our providers are loving, caring adults who have child care related experience or mothers who stay at home with their own children, and willing to open their doors to help other families who are in need of childcare.

All providers under contract are carefully selected by the Agency and trained regularly at our own training facilities. Providers must complete a childcare course and take a first aid training, Infant CPR and food-handling training as part of the hiring process.

HIRING POLICY

Staff and providers are hired in compliance with the CCEYA (the guidelines on how day nurseries are run), the Agency Policies and Procedures such as the enforcement of Monitoring Compliance/Contravention Management, Child Abuse Policy, Medical Wellness policies as well as, Vulnerable Sector and Criminal Reference Checks by Police Services.

12 PROCEDURES FOR MONITORING; CONTRAVENTION OF BEHAVIOUR MANAGEMENT PRACTICES; FOR EMPLOYEES, PROVIDERS, VOLUNTEERS, AND STUDENTS

There is ongoing observation of all Providers, Volunteers, Students and other persons ordinarily in the

home who are in direct contact with children; noting voice control, attitude, body movements i.e.-playing with children and sitting with them, interaction and support.

A record is made of observation on safety inspection and monthly visit record. At no time will a child be left unattended with a student or volunteer. This evaluation of each provider is conducted annually or more periodically if a concern needs to be addressed. The family members who are emergency backup will also be monitored on an annual basis. Behavior management + evaluation

forms are signed yearly for all members of the family over 18 yrs. The Director/Supervisor is responsible for the monitoring of the Home Visitors. Any contravention by the home visitor, provider and persons ordinarily resident or regularly on the premises will be reported to the operator and to CAS depending upon the nature of the contravention.

BEHAVIOUR MANAGEMENT PRACTICES

When we screen providers, we consider their attitudes towards child discipline and management. Behaviour management principles and methods are discussed during provider orientation and followed up at
workshop and training sessions.

Children are disciplined in a positive manner at a level that is appropriate to their actions and ages. (Ex. Removal from the current play area to do another activity). We feel that our major goal in the area of discipline is (self-control-helping the child take steps toward responsible self-direction). Our staff members do not use these

Prohibited Practices:

(a) corporal punishment of the child;

(b) physical restraint of the child, such as confining the child to a high chair, car seat, stroller or other device for the purposes of discipline or in lieu of supervision, unless the physical restraint is for the purpose of preventing a child from hurting himself, herself or someone else, and is used only as a last resort and only until the risk of injury is no longer imminent;

(c) locking the exits of the child care centre or home child care premises for the purpose of confining the child, or confining the child in an area or room without adult supervision, unless such confinement occurs during an emergency and is required as part of the licensee's emergency management policies and procedures;

(d) use of harsh or degrading measures or threats or use of derogatory language directed at or used in the presence of a child that would humiliate, shame or frighten the child or undermine his or her self-respect, dignity or self-worth;

(e) depriving the child of basic needs including food, drink, shelter, sleep, toilet use, clothing or bedding; or

(f) inflicting any bodily harm on children including making children eat or drink against their will. O. Reg. 126/16, s. 34.

Children have a right to feel challenged in response to restrictions or interference. Our children need to feel that they can assert themselves safely, and at the same time, know that they can live with restrictions and limitations

Parents own views and philosophies on child management can be discussed at the initial meeting between parents and the prospective provider. Our policies require that the provider inform the

parent of any behavioural problems or disciplinary action involving your child(ren) when they are picked up. This maintains appropriate transparency and extended support for families.

13 MEDICAL EXAMINATION

Care givers, family member and all others who come into contact with the Agency's children in the providers home must have a medical form from the agency completed and signed by their doctor (under 18 yrs give copy of immunization records). All records are highly confidential and are kept in a secure location.

All Child Care Solutions Inc.

14 CHILDREN'S IMMUNIZATION

All children needing care will require immunization before starting date. Therefore a copy of all immunization records must be supplied to the Agency. A follow up of the child's immunization records should be supplied to the Agency whenever updated by the doctor. If the parent does not wish her child to be immunized, then the parent must sign a form (affidavit) for exemption as listed below:

IMMUNIZATION OF CHILDREN IN DAY CARE
STATEMENT OF CONSCIENCE OR RELIGIOUS BELIEF

MAKE OATH AND SAY AS FOLLOWS:

The requirement of the Local Medical Officer of Health under the Child Care And Early Years Act. (2014), conflict with my sincerely held convictions based on my religion or conscience. I understand that Section 22 4 (c) of the Health Protection and Promotion Act, 1983, provides that the Medical Officer of Health may order that the above-named child be excluded from day nursery if there is an outbreak or immediate risk of an outbreak of vaccine-preventable disease in the day nursery that the child attends where the following have not been received:

a) A statement of immunization or other satisfactory evidence of immunization.
b) A statement of medical exemption stating that immunization is unnecessary because of evidence of immunity.

15 BACK-UP PROVIDERS ARE APPROVED BY THE AGENCY (Also under agency contract)

Should your regular provider be sick or goes on vacation and cannot give day care, please take your child to your back-up provider. Every parent should have a back up provider. Please get to know your back up provider, if you need to use their home please confirm with the office by calling us the same day. If you stay home or a relative/friend cares for the child for the day, inform the office also. (full fee children only)

16 FEES

a) Fees are always to be paid in advance including for statutory holidays and when the child is absent.

Fees are payable to the agency and parents are asked for their co-operation by paying the day care fees according to the fee schedule, for the year.

b) **A deposit of one week's fee** per child secures your acceptance of the home; there is a deadline of three (3) working days after the first visit. The agency does not confirm the spot in the home unless a deposit is received as per agency policy.

This deposit will be refunded upon notice of withdrawal.

The agency requires parents to give postdated cheques or authorized credit card to guarantee space

We guarantee the return of all postdated cheques upon notice of withdrawal.(One-month advanced notice)

Parents please note:

An extra service fee will be charged by the agency of **$ 2.00** per cheque, if the cheques are not dated according to the Agency's requirements or pre arranged schedule. The fine for N.S.F. cheques or non authorized credit card is as per bank charge of **$ 25.00**

N.S.F cheques must be replaced immediately by cash or a certified cheque.

Mailing address:
ALL CHILD CARE SOLUTIONS INC.

Tel: 416-694-7445 Email: allchildcaresolutions@gmail.com

CHILDREN'S FEES change from year to year according to the child's age and day care needs. Each parent will receive upon registration with the Agency, a fee schedule according to how they wish to register their child (full time, part time, occasional care, individual need if available). The fees on each schedule are effective January 1st and expires on December 31st of that year.

17 TAX RECEIPT

Tax forms will not be given at the time of withdrawal; instead they will be given in early February of the following year. **Please do not misplace this receipt; copies will be replaced at a charge of $ 15.00.**

18 REGISTRATION AND VISIT

Parents must register their child with the Agency prior to visiting the home.
A home visitor (upon request) will, **if available** accompany the parent(s) to 1 or 2 homes depending on the time and location. During this visit the home visitor assists the parent with the interview and the provider shows the parent the children's learning areas. This visit takes place for approximately 30 minutes. The parents may stay longer to get to know the provider if they wish. Parents are asked to contact the provider again on their own. During the second visit, the parent(s) will meet the provider's family and get to know them as well. Please use this occasion to discuss your child's needs in full.

a) **Discuss your concerns.**
b) **Ask the provider what the best time is for phone calls.**
c) **Discuss arrival and pick up times.**

REGISTRATION AND VISIT CONT'D

d) Do you wish to be called at work? By Cell phone ☐ Email ☐

e) Give names of people who can pick up your child. (Other than yourself or your partner/co-guardian)

f) Discuss your ways of child encouragement.

g) Eating habits, allergies and allergic reaction.
h) Diapers and toilet/potty training routine.
i) Sleeping routine.
j) Discuss your separation feelings or anxiety.
k) Discuss long-term arrangement with provider.
l) Make provider aware that you are looking for reliable day care and that it is very important that they are available as agreed upon.

All Child Care Solutions Inc

19 ADMITTANCE

A minimum of 2 weeks prior to your child's admittance, we require:

a) Postdated cheques for 1 year, at least. or authorized signed credit card.
b) 1 Month's deposit (per child)
c) Child's medical and contract form for at least 6 months - 1 year.
d) All admittance forms so that files can be set up for the agency and provider.

The Agency has the right to refuse day care if admittance requirements are not met as the Agency is a Service based business.

New parents with the Agency may only start day care when they get an okay after a telephone call or email from the Director or the Supervisor from the agency stating, all papers and the postdated cheques are in order. The provider also receives a telephone call, to be inform them that the child(ren) may start day care and when.

Rent a Day Care Space: When joining the agency, parents are renting a day care space in a provider's home which includes a daily overhead administration fee, *regardless* if the child is in day care or not.
This administration fee is paid for until the date of withdrawal and is already included in your fees)

New parents should understand that if they sign a short contract (less than one year), the Agency has the right to give the spot to another child with a long-term agreement (1 year or more) The providers prefers children on a long-term basis, as they too sign contracts. Nice homes are hard to come by. When you find a home that's right signing up for 1(one) year or more is highly recommended. Parents who breach contract are subject to loss of deposits and or fines detailed in contracts.

20 TRIPS/OUTINGS

Parents must give permission in writing for outings with motor vehicle including driving children to and from school and walking trips. Agency has the forms. Outdoor program plan activities outside the providers home, Park, Water play Centre's etc. must be discussed with provider and parents and parents must give permission before provider can take the child there or have child use any equipment. Agency has the documentation.

21 CHANGES OF ADDRESS, TELEPHONE, CELL NUMBERS AND E-MAIL ADDRESS

Parents must notify the office promptly, please correct the file that is kept in the provider's home immediately upon change of address, home telephone number, cell phone and email. Also

change of business and new business phone number, cellphone, and email. It is very important that we have up-to-date information in our files in case of an emergency and parents need to be reached promptly.

22 WITHDRAWALS to be completed on Agency forms ask Agency for forms when required.

Proper notice must to be given to the Agency before withdrawal. A withdrawal form must be filled out and send to the office one-month (30 days) prior to the withdrawal date. Failing to comply with the agency policy will result in no refund of the deposit for each child or a fine of one week's full fee payment.

Once a child has been withdrawn from the Agency, that child no longer could have access to the provider's home for the purpose of day care, as this is a policy of the Agency.

The providers work under contract for the Agency and are therefore not allowed to give care to your child privately up to 3 years after the last day of care received by the parent and 3 years after the last day of care provided by the provider. (Violation will result in a fine to the provider and parent $3,000.00 each or settlement in court by agency lawyers)

The Agency must know at any time how many children are in the home, their names, ages and under which contract. This is in compliance with the Child Care And Early Years Act and Emergency Services.

23 CHILD ABSENT

Please inform the provider the day before or early in the morning, if the child will be staying home and why. The provider requires 24 hrs. notice if child (ren) will be absent. The provider expects to be paid if she is expecting the child and the parent do not give 24 hrs. notice. (subsidy only)

24 ILLNESSES

A child may not attend care in the home if he or she has the following: (see public health exclusion form)

a) Any Contagious/communicable diseases.
b) Flu – vomiting – diarrhea (any type of injection)
c) Elevated temperature (Fever). Bad cold, yellow, green mucus from the nose.
d) Any childhood diseases. Child must have clearance note from doctor before returning to the home.
e) Please check with your physician if you have any concerns.

25 ALLERGIES (Parents must submit allergy list (if applicable) to the Agency before starting day care)

Parents must give provider in **WRITING** a list of allergies that their child (ren) may have.

Give provider necessary Allergy Precaution if you have to. Allergies could have serious effects.

GIVE PROVIDER DAILY WARNING.

i.e. a) No peanut butter/ No Nuts/ No Milk/No Soy etc. etc.

b) Does your child need an Epi-pen? Please provide one (a medication form needs to be completed)

Parents must give consent for provider to call an ambulance in case of emergency.

_____

Provider will post allergy notes where children eat.

26 MEDICATION

Please bring current prescribed medicine for your child (ren) only. All medication must be in its original container with date and the child's name on the label. Non-prescription medication can only be given to your child if your request is accompanied by a recent doctor's note. (a new note is required each time of request)
Parents and provider must sign medication form. Provider is not allowed to give vitamins or over the counter medication to your child(ren).

All Child Care Solutions Inc.

27 VACATION

There is no vacation refund, no Absent / Sick days refund to parents. Fees are paid for the entire year. Parents should complete vacation form and give to provider. Advance notice is greatly appreciated.

28 APPOINTMENTS

Parents who wish to come to the office for a visit are advised to make an appointment by telephone or email first, as we are not always available in the office. All interviews are conducted during the day between 9.00 a.m. to 5.00 p.m. or by special arrangement if requested.

29 PARENT ISSUES AND CONCERNS

This Agency will not tolerate any discrimination, physical, verbal, (sexual) harassment or inappropriate behavior. We maintain a policy of commitment and equality. Our hiring policy is in accordance with the Child Care And Early Years Act and Police Vulnerable/Criminal Reference Check. All policies of the Agency are presented up front to anyone willing to get involved with this Agency. All complaints or concerns must be brought to the attention of the Agency Director.
Steps will be taken to clear up the problems as soon as possible. Usually the same day however, parents who do not agree with provider and agency policies may want to seek childcare somewhere else.

Parents/guardians are encouraged to take an active role in our child care organization and regularly discuss what their child(ren) are experiencing with our program. As supported by our program statement, we support positive and responsive interactions among the children, parents/guardians, child care providers and staff, and foster the engagement of and ongoing communication with parents/guardians about the program and their children. Our staff are available to engage parents/guardians in conversations and support a positive experience during every interaction.

All issues and concerns raised by parents/guardians are taken seriously by All Child Care Solutions Inc. and will be addressed. Every effort will be made to address and resolve issues and concerns to the satisfaction of all parties and as quickly as possible.

Issues/concerns may be brought forward verbally or in writing. Responses and outcomes will be provided verbally, or in writing upon request. The level of detail provided to the parent/guardian will respect and maintain the confidentiality of all parties involved.

An initial response to an issue or concern will be provided to parents/guardians within All Child Care Solutions Inc.'s business day(s). The person who raised the issue/concern will be kept informed throughout the resolution process.
Investigations of issues and concerns will be fair, impartial and respectful to parties involved.

Confidentiality

Every issue and concern will be treated confidentially and every effort will be made to protect the privacy of parents/guardians, children, staff, students and volunteers, except when information must be disclosed for legal reasons (e.g. to the Ministry of Education, College of Early Childhood Educators, law enforcement authorities or a Children's Aid Society).

Conduct

Our Organization maintains high standards for positive interaction, communication and role-modeling for children. Harassment and discrimination will therefore not be tolerated from any party.

If at any point a parent/guardian, provider or staff feels uncomfortable, threatened, abused or belittled, they may immediately end the conversation and report the situation to the supervisor and/or licensee/Directors.

Concerns about the Suspected Abuse or Neglect of a child

Everyone, including members of the public and professionals who work closely with children, is required by law to report suspected cases of child abuse or neglect.

If a parent/guardian expresses concerns that a child is being abused or neglected, the parent will be advised to contact the local Children's Aid Society (CAS) directly.

Persons who become aware of such concerns are also responsible for reporting this information to CAS as per the "Duty to Report" requirement under the *Child and Family Services Act*. For more information, visit: http://www.children.gov.on.ca/htdocs/English/childrensaid/reportingabuse/index.aspx

30 CONFIDENTIAL CONVERSATIONS AND INFORMATION VIOLATION

It is part of the agency(s) philosophy to provide a positive environment that promotes a child's sense of self-esteem. If a parent wishes to discuss with a staff / provider something about the child or of a confidential nature, we ask that it is done discreetly away from "little ears". A provider is not allowed to show or discuss **ANY** child's confidential information (sensitive family documents, parent information, health records) with **ANYONE** other then the office or the family concerned. A parent may **NOT** ask a provider about or to see another child's confidential files. (Child Care And Early Years Act.) Both, provider or parents must direct their concerns to the Agency. The Agency will discuss matters with each party involved and decide to whom information can be released.

All Child Care Solutions Inc.

31 RUDENESS OR RUDE BEHAVIOUR BY ANY FAMILY MEMBER

It is the agency's policy that everyone be treated with respect at all times. (Adults & Children)

Rudeness in any form will not be tolerated, especially in front of the children. Foul language is not to be used in our Agency or Agency operated homes.

If rudeness should occur, the Agency Director will issue a written warning.

If rudeness should re-occur, services might be terminated.

32 ANTI-RACISM/DISCRIMINATION POLICY

The agency believes that in order for race, ethnic equality and positive intellectual relationships to be achieved, the community must play an active role. The agency recognizes, and is committed to the responsibility of fostering an anti-racism environment. This will be illustrated through shows of respect, for racial, ethnic, linguistic, religious, and cultural plurality of Canadian Society. It is also our policy to recognize the dignity and worth of every person, and to ensure equal rights for all without discrimination on the basis of race, ancestry, place of origin, color, ethnic origin, citizenship, age, family status, marital status or class. It is also our policy to ensure that all employees, volunteers, and students work in a harassment free environment. By the same token we will not tolerate from the providers, parents or any of their family members (young or old), any sexual or racial taunts, jokes, or comments, which degrades an individual.

33 CHILD GUIDANCE POLICY AND PROCEDURES

This policy was designed to focus on desired behavior rather than focus on less desirable behavior.

All staff / caregivers are familiar with all the various techniques in behavior monitoring / management and incorporate them consistently throughout the day.

Listed below are the various named techniques that we use strongly encouraging preventative methods of working with children.

- Plan for positive outcomes
- Recognize positive behavior
- Offer choices, speak clear and proper language
- Give praise or compliments
- Encourage children
- Relate clear messages
- Do not reinforce negative behavior
- Be flexible, have patience

- Point out natural or logical consequences
- Provide time to calm down in same room (supervised) must be last option
- Show warmth and caring for the child and the things he/she does
- Promote discussion. Keep child busy with activities, age appropriate.
- Recognize child's anger. Discuss with parents, agency and home visitor right away.

34 TELEPHONE CALLS TO THE OFFICE (Leave your telephone number each time)

Parents are asked to leave complete messages on office answering machine. (Machine is secure) If your call is not returned by 5.00 p.m. that same day, then you will receive a call for sure the next morning or business day. (24 hrs.) Home visitors are usually out working with the children in the provider's home, they spend very little time in the office. Please note that staff members cannot be reached at home in the evening as they also have family or other commitments.

35 PARENTAL INVOLVEMENTS

We encourage parents to become involved with the Agency's programming; we feel that every opinion counts. Parents are also welcome to participate in Agency's celebrations, and workshops.

The Agency and Providers all strive to make every child and parent feel welcome and appreciated within the Agency structure. We hope that all concerns as well as ideas are brought to the agency's attention immediately; so that they can be shared with staff, providers and other parents to achieve a positive collaboration between all parties involved.

36 RATIOS OF CHILDREN PLACED IN HOMES (ACCORDING TO THE CHILD CARE AND EARLY YEARS ACT)

Each "licensed" provider may have up to 6 children in their home, as long as it is kept in compliance with the CCEYA Regulations in regards to staff ratios of children. The provider is assessed on their capabilities of how many children they could adequately supervise, the size of the home and learning areas, size of the outdoor play area or park nearby, their role as a caregiver for the Agency / parent relations, etc. The Agency plays a very important role when it comes to placing children in homes. Parents who would like special care for their child in the home would pay an extra fee.

It is important to know that providers who have violated the law are not welcome in this agency.

37 NEW REQUIREMENTS TO POST SERIOUS OCCURRENCES IN LICENSED CHILD CARE PROGRAMS

The safety and well being of our children in licensed childcare programs is the highest priority. Operators of licensed private-home day care agencies work diligently to provide a safe, creative and nurturing environment for each child. In spite of all the best precautions, serious occurrences can sometimes take place.

The Ontario government has agencies to post information about serious occurrences that happen at a home location effective November 1, 2011. To support increased transparency and access to

information, a “Serious Occurrence Notification Form” must be posted at the centre or home location in a visible area for 10 days.

A Serious Occurrence could include:

- Serious injury to a child.
- Fire or other disaster on site.
- Complaint about service standard.

All Child Care Solutions Inc.

38 SUPERVISION OF VOLUNTEERS AND PLACEMENT STUDENTS

All Child Care Solutions Inc. Child Care Supervision Policy states that volunteers and students do not have unsupervised access to children in Child Care Agency.

Child Care Supervision Requirements.

O. Reg. 262 under the Child Care And Early Years Act (CCEYA) provides that “all licensed private home daycare agency operators shall ensure that every child who is in attendance in a private home daycare location is supervised by an adult at all times:

The Supervision of Volunteers and Placement Students in Child Care Programs Policy is applicable to all home visitors, providers, volunteers, students and persons ordinarily residing at or on the premises of the location at all times and without exception.

The Supervision of Volunteers and Placement Students in Child Care Program Policy requirements are as follows.

- **No child is supervised by a person less than 18 years of age.**

39 WAITING LIST

This policy and the procedures within provide for waiting lists to be administered in a transparent manner. It supports the availability of information about the waiting list for prospective parents in a way that maintains the privacy and confidentiality of children.

The procedures provide steps that will be followed to place children on the waiting list, offer admission, and provide parents with information about their child’s position on the waiting list.

This policy is intended to fulfill the obligations set out under Ontario Regulation 137/15 for a child care agency that maintains a waiting list to have related policies and procedures.

Policy:

General

All Child Care Solutions Inc. will strive to accommodate all requests for the registration of a child at the child care home. Where the maximum capacity of a home has been reached and

spaces are unavailable for new children to be enrolled, the waiting list procedures set out below will be followed.

No fee will be charged to parents for placing a child on the waiting list.

Procedures:

Receiving a Request to Place a Child on the Waiting List

The licensee will receive parental requests to place children on a waiting list via [email, phone call and in-person meet & greet.)

Each family who wishes to be placed on the waitlist must fill out All Child Care Solutions Inc. Application Form

Placing a Child on the Waiting List

The licensee will place a child on the waiting list in chronological order, based on the date and time that the request was received.

Each family who wishes to be placed on the waitlist must fill out All Child Care Solutions Inc. Application Form.

Once a child has been placed on the waiting list, the licensee will inform parents of their child's position on the list.

Determining Placement Priority when a Space Becomes Available

When space becomes available at the home of request, a one month's deposit will be required to hold your spot. Deposits are per child, a discount may be offered for one than one child placed. Deposit is only refundable within two weeks of making the deposit if paretns choose not to move forward with care.

Offering an Available Space

Parents of children on the waiting list will be notified via a phone call, followed by an e-mail that a space has become available in their requested program.

Parents will be provided a timeframe of one week in which a response is required before the next child on the waiting list will be offered the space.

Where a parent has not responded within the given timeframe, the licensee will contact the parent of the next child on the waiting list to offer them the space.

Responding to Parents who inquire about their Child's Placement on the Waiting List

All Child Care Solutions Inc. will be the contact for parents who wish to inquire about the status of their child's place on the waiting list.

All Child Care Solutions Inc. will respond to parent inquiries and provide the child's current position on the list and an estimated likelihood of the child being offered a space at the home.

Maintaining Privacy and Confidentiality

The waiting list will be maintained in a manner that protects the privacy and confidentiality of the children and families on the list and therefore only the child's position on the waiting list will be provided to parents.

Names of other children or families and/or their placement on the waiting list will not be shared with other individuals or organizations.

40 PROGRAM STATEMENT

ALL CHILD CARE SOLUTION INC. provides parents with high quality daycare in Toronto, Durham Region and York Region. Our organization has done so for over 15 years. We are fully licensed by the Ministry of Education. Our qualified child-care providers invite your children into their homes to learn, play and explore the world around them.

The home is where children begin to learn, by observing and replicating what their parents are doing. From their first step, to their first word and until their first day at school, parents are the main educators of children. Our providers duplicate this natural home environment as they care for and encourage the children to learn.

ALL CHILD CARE SOLUTION INC. arranges child-care in the homes of independent providers who are licensed under the agency's umbrella. The children play and learn in a cozy domestic environment that is safe and nurturing. The providers follow the guidelines in Ontario Ministry of Education's *How Does Learning Happened? Ontario's Pedagogy for the Early Years*. This program statement outlines how our agency works

with providers, children, parents and the community to ensure that children learn every day, according to the government guidelines.

Foundations	Goals for Children	Expectations for Programs
Belonging	Every child has a sense of belonging when he/she is connected to others and contributes to his/her world.	Cultivate respectful relationships and connections to create a sense of belonging among and between children, adults and the world around them.
Well-Being	Every child is developing a sense of self and health and well-being.	Nurture children's healthy development and support their growing sense of self.
Engagement	Every child is an active and engaged learner who explores the world with her/his senses, bodies and minds.	Provide environments and experiences to engage children in active, creative, and meaningful exploration and learning.
Expression	Every child is a capable communicator who is able to express himself/herself in many ways.	Foster communication and expression in all forms.

Core Principles - Discovery Through Play

Our providers ensure that the well-being of the children is their key priority in the home. That is, the children are safe, eat well, are nurtured and stimulated. When children have these basic needs met, they are more likely to self-regulate, and to positively communicate and interact with each other.

Play is the primary way that all children learn. Each day our providers create play-based learning experiences centred on the children's interests. These experiences are holistic and encourage learning in all areas of development – the physical, social, emotional as well as cognitive.

We view all children as competent, capable, curious and rich in potential. All of these qualities are essential for learning, and our providers encourage them in the children. Play is not just fun. It allows children to experiment, to make and test hypotheses, as well as to know themselves.

Children are naturally curious. We boost this by supplying our homes with books, toys and open-ended learning materials. Our providers rotate these frequently so that the children get plenty of stimulation. Traditional toys may include trains, dolls and building blocks. Open-ended materials may include cardboard tubes, cotton wool balls and coloured strings. A child can be creative and turn these into art, a space ship or a mermaid's hair.

What Will Your Child Be Doing?

Each day your child will do all the things that they want to do. This may include story-telling, playing with the blocks, opportunities to count and compare, to make pictures, sing and to make-believe. The children initiate much of the activities for each day. They are encouraged to experience the world by exploring, investigating and through self-regulating, inside the home and outdoors.

Local neighbourhood walks extends learning from the home, to the outdoors and reaches out to the community. As a learning environment the outdoors provides many opportunities for physical exercise, exploring nature, and for independent and cooperative games. When the weather is inclement and unpredictable, alternative activities for the children are provided. In addition, our providers may take the children on trips to the library and to the drop-in programs at the Ontario Early Years Centre.

Some of our providers have gardens where the children are encouraged to plant seeds and to watch them grow. Children learn about the environment and different forms of life by digging in the soil. They learn about the web of life from watching birds, snails and butterflies in the garden. They enjoy the freedom of movement; get plenty of exercise from running around outside and from using the play structures. Depending on their interest and energy level, children may spend many hours outside. Providers who do not have a backyard, take the children for walks in the neighbourhood and to nearby parks. Many of these parks have splash pads, with supervisory staff, where the children can play in the water in the summer. In colder weather the children may still spend time outdoors to play, observe the changing seasons and to get some fresh air and exercise.

Our providers ensure that the children eat balanced meals each day. All the foods are prepared by the providers and are based on the *Canada Food Guide*. The meals always contain lots of fresh fruits and vegetables. The menu may change each month to encourage the children to try new foods. The providers eat with the children, encouraging them to feed themselves and to practice their social skills around the dining table.

Rest times allow children to reflect and consolidate their learnings. Infants rest according to their own individual schedules. Toddler and preschool children can rest up to two hours per day. Quiet activities are offered to children as they transition from rest to the afternoon playtime.

The Role Of Our Child-Care Providers

Each day our providers observe, facilitate, document and research how the children are learning. Each provider can care for a maximum of six children, from birth to 13 years, in their homes. The small ratio means that each child gets individual attention. Our providers are trained to watch how the children play each day. From these observations, the provider may

suggest activities and offer materials that encourage the children to explore, experiment and use their imaginations.

In essence our providers' role is to:

● Establish a social environment that supports your child's autonomy and self-esteem.

● Establish positive relationships, friendships and resolve conflicts.

● Provide responsive care to all children while meeting their individual needs.

● Provide a safe physical environment.

● Provide new play possibilities through interest areas.

● Be an involved play partner.

● Foster, observe and document significant behaviour/developmental milestones.

● Incorporate the community.

What Will The Provider Be Doing?

We view a positive, supportive relationship between child and provider as fundamental. Our providers:

● Support you in your role as a parent.

● Provide a safe environment for your child and create spaces that are conducive to learning.

● Connect with children by being available, sensitive, responsive and caring. This way the providers build trust, and make the children feel safe and secure. Once this base relationship is established children are more likely to take risks, grow and learn.

● Watch carefully to determine what your child, at that particular moment, is capable of learning.

● Actively participate in your child's play experiences, and observe and document the milestones in your child's life to ensure age-appropriate development.

Program Assessment and Reflective Practices

Our providers reflect and assess their activities, programs and environment daily, to ensure that they are meeting the individual needs of the children, and the interests of the group.

The providers keep a journal for each child. In it, they document how the child is learning; the journal is shared with parents at the end of each month. Our providers may also take photographs and cellphone videos of the children, as these are other ways of documenting how and what the children are learning. The photos and videos are shared with parents so that they can try similar activities at home or just to see the achievements of their child. Providers will also observe and document challenges faced by the child and what strategies they will use to help the child deal with these challenges. These strategies encourage on-going communication with parents and help to keep them engaged in how their child is learning.

All Child Care Solutions Inc.

Our providers are competent, professional and knowledgeable. They attend frequent seminars and workshops to keep up with the latest changes and research in the child-care field.

The agency's home visitors review activities, program plans and pedagogical documents to ensure that they meet the agency's requirements. Our home visitors demonstrate pedagogical leadership by observing each home monthly and engaging in conversation with the providers and children regarding how the children are learning, what they need to learn and what is the best means for this learning to happen. Quarterly, our home visitors complete a licensing checklist for each home and its programs to ensure that the agency's quality indicators have been met.

41 EMERGENCY MANAGEMENT POLICY

Policy

Providers will follow the emergency response procedures outlined in this document by following these three phases:

1. Immediate Emergency Response;

2. Next Steps during an Emergency; and

3. Recovery.

Providers will ensure that children are kept safe, are accounted for and are supervised at all times during an emergency situation.

Evacuation Procedures

In the event of an emergency, such as fire, bomb threat, flood or any other situation in which there is immediate danger to being inside the home, The Provider and All Child Care Solutions Inc. will have designated the _____ as the off-site location.

Responsibilities of Providers:

• Check all surroundings looking for potential hazards, reporting any findings to the home visitor.

• Account for all children. Conduct a headcount and confirm with attendance records.

• Gather all medications and any other essential needs (eg. Epi-Pens, Asthma Inhalers, appropriate supplies to protect the children (blankets), etc)

• Once outside the home, conduct a headcount again and confirm with attendance records

• Remain calm and wait for further directions from the Agency.

• To reduce stress on children, provide distractions by holding circles, singing songs and playing games.

Responsibilities of Agency and/or Designate

• Notify emergency authorities, giving them as much information as possible

• Depending on the type of emergency, remind provider of their evacuation site they should go to

• Notify parents of circumstances as soon as you are able.

• Contact the parents with the estimated time of arrival of children and providers to evacuation site.

• Transport water, first-aid supplies, and emergency numbers on file for a backup.

• Ensure all children have been evacuated from the home.

• Follow directions given by police /emergency authorities once they have arrived.

Once you have safely evacuated the home to the on-site or off site location:

• Notify families of the situation and evacuation location for immediate pick-up of children. (home visitor or designate responsible for calling families, etc.) Make sure you are clear on what information is being given to families and that providers are relaying the same message.

• Determine where to set up different groups of children and define areas if possible.

• Document children being picked up and by whom.

Assisted Evacuation

One-on-one, or additional, help may be required by a child with special needs.

Tips on assisting children with special needs:

• Have specific knowledge of the child's needs.

• Speak clearly and inform the child of what is happening and what you are going to do. Once child is aware of how you will help them, proceed by assisting them in the appropriate manor (push/pull wheelchair, etc)

• To communicate with a deaf and blind person, draw an 'X' on their back or try tracing letters with your finger on the palm of their hand to let them know you are there to help during the emergency.

• Follow instructions posted on special needs equipment or assistive device during an emergency.

• Avoid attempts to lift, support or assist in moving someone unless you are familiar with safe techniques.

All Child Care Solutions Inc

Sheltering

Sheltering involves keeping all windows and doors closed and covering air-intake vents to provide protection from airborne hazardous materials. You would normally take shelter in the event of earthquakes, hurricanes, tornados, hazardous materials accidents, terrorist attacks, etc.

• Ensure all providers are in the home (outside play areas are unoccupied)

• Ensure all doors and windows are locked

• Turn off all exhaust fans in kitchens, bathrooms and any other spaces

• Use tape and plastic food wrapping to cover bathroom exhausts, vents, dryer vents and other openings to the outdoors. Seal any obvious gaps around windows and doors. Stay away from all windows and doors.

• Close the curtains for additional protection

• If the vapors begin to bother the providers and children, hold wet cloths over the nose and mouth.

• Remain in the home until notified by the emergency response authorities that the situation has been resolved.

Type of Emergency	**Roles and Responsibilities for Providers**

Snow and Ice Storms	**During a snow or ice storm where you may need to close the daycare home, follow these steps:** • Discuss current and predicted weather situation with the agency for procedures and approval for closing or limited usage of the daycare home • Monitor winter storm warnings • Check status of battery powered radios, flashlights, back up lighting, power and heat • Consider discussing with the agency the possibility of closing the night before, however, if not possible, make sure to notify all parents/guardians immediately after the decision has been made to close the home daycare • If you know storms are approaching, request and confirm emergency contact information from parents/guardians when they drop off their children in the morning. In case they cannot be reached, alternate designates should be contacted to pick up children. Remember: • If you are sending children home early due to weather conditions, call parents/guardians to make arrangements to have their children picked up as soon as possible • Leave information on your voicemail so that when parents call, they receive up to date information about the home. • Arrange for snow and ice removal, as well as possible debris, such as fallen trees and utility lines.
Lockdown	**These lockdown procedures describe the steps that you should take to ensure the safety and security of providers and children during a violent incident. If the home is affected by threats, intruders, drive by shootings, active shooters etc.,** ● Close blinds and turn off all lights, leaving minimal lighting ● Ensure all doors are locked ● Make your way down to basement, lock and barricade the door ● Call 911call ● Alert the Agency about the current situation ● Do not let anyone in, including parents ● Do not respond to anyone outside the home unless it's a police official

All Child Care Solutions Inc.

	● Follow the serious occurrence reporting procedures **For the children that are outside the home and the threat is inside the home** ● Take all children to the nearest safe area away from the daycare home ● Review attendance and make sure all children on the attendance is present ● Call 911 ● Alert the Agency of your current location and situation ● Call parents and inform them of your current situation and pick up point ● Follow the serious occurrence reporting procedures
Potentially Violent Situations	**If a potentially violent individual gains access to your home and leaves:** ● Call 911 immediately ● Close all blinds, lock all doors and turn off all lights ● Proceed to the storage room and wait for police officials to arrive **If a potentially violent individual gains access to your home and remains:** ● Call 911 immediately ● Try to isolate the potential aggressor from as many adults and children as possible ● Do not physically restrain an individual ● Seek to draw the individual to another room or part of the home that has no children present ● Once police arrive, allow them to handle the situation while you seek shelter with the rest of the children in another part of the home ● Follow the serious occurrence reporting procedures
Disgruntled or Impaired parents/guardians or disruptive Visitors or	1. If a parent, guardian, family member or visitor of the home engages in disruptive or potentially dangerous behaviour, the person should be asked to leave the home immediately 2. If you have reasonable cause to suspect that any person who has come into your home, picking up a child is under the influence of alcohol,

All Child Care Solutions Inc.

Unauthorized Representatives	drugs or is emotionally impaired in any way and may endanger a child or is disruptive and potentially dangerous ● Alert the Agency and other family members of the situation ● Remain polite and calm ● If the person appears to be under the influence of alcohol or drugs, offer to call a taxi and pay for the taxi ● If the person becomes agitated or confrontational, call 911 ● If the disgruntles or intoxicated parent/guardian is demanding their child be released to them, try to stall as long as possible until the police arrive. ● If necessary follow the serious occurrence reporting procedure
Hostage Situations	**If involved in a hostage situation with disgruntled parents/guardians, authorized representatives or anyone else** ● Remain calm and polite ● Call 911 or instruct someone else to do so ● Follow the hostage-taker's instructions ● Try to alert all family members of the situation and for them to close all doors ● Follow the directions of the police
Missing Child	**When a child has gone out of sight for longer than 30 seconds, *except where providers know exactly where the child is (ex: washroom)*** ● Inform the Agency and alert other family members immediately ● Conduct a search of all areas of the home, including closets, etc ● Call the parent ● Call 911 ● Continue searching ● If the child is missing and depending on severity of the situation, file a serious occurrence report
Infectious Disease, Outbreaks and Pandemics	**Infectious diseases are diseases that are transmitted from person-to-person. Some examples of potential outbreaks include: salmonella, e-coli, the flu, etc.** ● Daily observation of the child should be carried out by the providers ● Assess each child for the following symptoms or illness: ○ Fever >38 C (100 F), flushing, pallor or illness ○ Acute cold, nasal discharge or coughing ○ Vomiting or diarrhea ○ Red or discharged eyes or ears ○ Yellowish skin or eyes

All Child Care Solutions Inc

	○ Unusual spots or rashes ○ Unusual behaviours (irritability, fussiness, restless) **If any of these symptoms appear:** ● Isolate the ill child from other children ● Notify parents promptly and request that they take the child home *Report immediately all communicable diseases to Agency **In the event of an outbreak:** ● Providers will increase disinfecting of cribs, cots, toys and equipment ● Providers and children will be directed to increase their hand washing practices. Liquid soap will be in contact for 30-60 seconds.
Bomb Threats, threatening call or message, Hold and Secure	● Any threat should be treated as real until proven otherwise ● Stay calm and do not argue ● The provider that received the call should try and tell the Agency that a bomb threat is in progress so that other providers (if in a building) can evacuate immediately ● Providers should call 911 immediately ● Follow the serious occurrence reporting procedure
Disaster Requiring Evacuation: Floods, Power Failure, Fire	You may need to evacuate providers and children from the home in the event of a fire, bomb threat, flood or any other situation where there is immediate danger. Depending on the circumstances, you will need to decide to evacuate to the off-site location. Steps to follow when getting ready for evacuation: ● Quickly scan the space around you looking for any potential hazards ● Account for all children. Conduct a head count and ensure accurate attendance records; attendance sheet must be kept with the providers ● Gather all medications (epi-pen, puffer, etc.) ● Take children's emergency cards ● Notify landlord of circumstances as soon as you are able (if in a rental) ● Upon arrival at the off-site location, contact all parents and let them know the situation and the pickup location
Fire	A fire evacuation plan is provided for each home to show all the fire exists and the location of the off-site location. If you discover a small fire (waste paper basket size) extinguish the fire by using water, blanket, fire extinguisher, etc. If you discover a larger fire:

All Child Care Solutions Inc.

	● Leave the fire area closing all doors behind you, in order to confine the fire ● Pull the fire alarm to notify everyone about the fire ● Call 911 ● Proceed to follow the evacuation steps, even in the case of the fire alarm going off
Floods	Floods can result from snowmelt, ice jams, heavy spring rains, summer thunderstorms, tropical storms or hurricanes ● Listen for announcements of flood watches and warnings ● Inspect areas prone to floods such as the basement ● Pay attention to evacuation orders from public officials ● Do not walk or drive through areas that are deeper that knee-high
Power Failure	In the event of a power failure: ● Notify landlord (if in a rental) ● Check other homes and apartments around your home to see if others are without power. If there are power lines down, report it and do not go near downed power lines ● Due to the extreme risk of fire, do not use candles during a power outage buy/use flashlights ● Leave the light on so that you know when the power has been turned back on
Natural Disaster: Earthquakes, Tornados, Hurricanes	**In case a earthquake occurs providers should:** ● Remain calm ● Help children find shelter under a sturdy desk or table and away from unstable structures ● Ensure everyone is away from windows ● Find shelter for themselves ● Wait for the shaking to stop *Providers who are outdoors with children must immediately ensure that everyone stays away from power lines, trees, and other tall structures that may collapse and wait for shaking to stop *Once shaking stops, providers must ● Gather the children, their emergency cards and any medications **Tornado -** In case of a tornado, the providers that become aware of the tornado or tornado warning must inform all other providers immediately by notifying the **Agency**

All Child Care Solutions Inc.

	● Providers must remain calm ● Gather all children and go to the basement (in houses) ● Take children's attendance to ensure all children are present ● Keep children calm ● Wait for further instructions
Disaster- External: Gas leak, oil spill, chemical release, forest fire, nuclear emergency	**An incident outside of the home that may have adverse effects on persons in the home E.g. gas leak, oil spill, chemical release, nuclear emergency** ● The providers who becomes aware of the external environmental threat must inform Agency of the threat as quickly and safely as possible. ● Seal off external air entryways located in the program rooms ● Place a note on all external doors with instructions that no one may enter or exit the home until further notice ● Continue normal operations while waiting for further instructions
Boil Water Advisory	Possible microbiological contamination would warrant a BWA (Boil Water Advisory) because boiling can destroy microorganisms. In an event of a BWA, follow the steps below: ● Post notices that state "Do not drink or use tap water" ● Ensure the water is made safe to drink by boiling at a rolling boil for at least one minute ● Ensure all adults in the home and children do not consume untreated tap water ● Notify all parents of the advisory and the procedures taken

Procedures to Follow When "All-Clear" Notification is Given	
Procedures	1) The provider or family member who receives the 'all-clear' from an authority must inform the Agency that the 'all-clear' has been given and that it is safe to return to the home. 2) Providers who have assisted individuals with medical and/or special needs with exiting the home will assist and accompany these individuals with the assistance of a family member or agency home visitor.

All Child Care Solutions Inc.

	3) Providers must: • take attendance to ensure all children are accounted for; • escort children back to home • take attendance upon returning to the home to ensure that all children are accounted for; where applicable; and • re-open closed/sealed blinds, windows and doors. 4) The Agency will determine if operations will resume and communicate this decision to Providers.
Communication with parents/ guardians	1) As soon as possible, the Home Visitor/Agency designate must notify parents/guardians of the emergency situation and that the all-clear has been given. 2) Where disasters have occurred that did not require evacuation of the home, the Agency must provide a notice of the incident to parents/guardians by phone or with a note posted on all entrance/exit doors. 3) If normal operations do not resume the same day that an emergency situation has taken place, the Agency must provide parents/guardians with information as to when and how normal operations will resume as soon as this is determined.

All Child Care Solutions Inc.

Procedures to Follow When "Unsafe to Return" Notification is Given	
Procedures	1) The provider or family member who receives the 'unsafe to return' notification from an authority must inform the Agency of this direction and to proceed from the meeting place to the evacuation site, or the site determined by emergency services personnel. 2) Providers must take attendance to confirm that all children are accounted for, and escort children to the evacuation site. 3) Providers who have assisted individuals with medical and/or special needs with exiting the home will assist and accompany these individuals to the evacuation site with the Agency designate. 4) The Agency - All Child Care Solutions Inc. will post a note for parents/guardians on the home entrance with information on the evacuation site, where it is possible and safe to do so. 5) Upon arrival at the evacuation site, providers must: • remain calm; • take attendance to ensure all children are accounted for; • help keep children calm; • engage children in activities, where possible; • conduct ongoing visual checks and head counts of children; • maintain constant supervision of the children; • keep attendance as children are picked up by their parents, guardians or authorized pick-up persons; and • remain at the evacuation site until all children have been picked up.
Communication with parents/ guardians	1) Upon arrival at the emergency evacuation site, the Agency will notify parents/guardians of the emergency situation, evacuation and the location to pick up their children. 2) Where possible, the Provider will update their voicemail as soon as possible to inform parents/guardians that the home has been evacuated, and include the details of the evacuation site location and contact information in the message.

All Child Care Solutions Inc.

Recovery (After an Emergency Situation Has Ended)

Procedures for Resuming Normal Operations	• If possible, reopen home • If necessary, find temporary location • Contact parents via email or phone • Contact any volunteers and students via email • Contact Ministry of Education Program Advisor • If necessary; respond to media and community inquires • Contact insurance company if necessary
Procedures for Providing Support to Children and Providers who Experience Distress	If providers, volunteers, students or children experience stress related to an emergency event at All Child Care Solutions Inc., the home visitor will provide individuals or parents/ guardians with the contact information for Toronto Public Health to access appropriate mental health supports & services. Toronto Public Health: 416 338 7600
Procedures for Debriefing Providers, Children and Parents/ Guardians	The Agency must debrief providers, children and parents/guardians after the emergency. The Agency will prepare a memo providing details of the emergency situation and next steps for the home to resume regular service to clients. This memo will be given to all parents/guardians, providers, volunteers and students.

All Child Care Solutions Inc.

42 ANAPHYLAXIS

Strategies to Reduce the Risk of Exposure to Anaphylactic Allergens

The following strategies to reduce the risk of exposure to anaphylactic causative agents must be followed at all times by home visitors of the home child care agency, as well as providers, other persons regularly present or ordinarily resident, students and volunteers at each home child care premises.

· Do not serve foods where its ingredients are not known.

· Do not serve items with 'may contain' warnings on the label in a premises with a child who has an individualized plan and emergency procedures specifying those allergens.

· Ensure that parents label food brought to the premises with the child's full name and the date the food arrived at the premises, and that parents advise of all ingredients.

All Child Care Solutions Inc

· Where food is provided from home for children, ensure that appropriate supervision of children is maintained so that food is not shared or exchanged.

· Encourage parents who serve foods containing allergens at home to ensure their child has been rid of the allergens prior to attending the home child care premises (e.g. by thoroughly washing hands, brushing teeth, etc.)

· Do not use craft/sensory materials and toys that have known allergens on the labels.

· Share information about anaphylaxis, strategies to reduce the risk of exposure to known allergens and treatment with all families of children receiving care at the premises.

· Make sure each child's individual plan and emergency procedures are kept-up-to-date and that all home child care agency home visitors, providers, other persons regularly present and ordinarily resident, students, and volunteers at the home child care premises are trained on the plans.

· Create allergy lists for each home child care premises and ensure that they are up to date in each premises and implemented.

· Update providers, other persons regularly present and ordinarily resident, home visitors, students, and volunteers when changes to a child's allergies, signs and symptoms, and treatment occur and review all updates to individualized plans and emergency procedures.

· Update families when changes to allergies occur for a child receiving care at a premises while maintaining the confidentiality of children.

· The strategies in this policy will be updated or revised and implemented depending on the allergies of children receiving child care at home child care premises.

Communication Plan

The following is our communication plan for sharing information on life-threatening and anaphylactic allergies with home child care providers, home child care agency home visitors, students, volunteers, parents and families.

· Parents will be encouraged not to bring foods to home child care premises that contain ingredients to which children may be allergic

· Parents and families will be informed about anaphylactic allergies and all known allergens at the home premises in which their child is placed through Phone, Email, Text.

· A list of all children's allergies including food and other causative agents will be posted in all cooking areas at each home child care premises, and will be made available in any other area where children may be present.

· Each child with an anaphylactic allergy who is enrolled at a home child care premises through the home child care agency will have an individualized plan and emergency procedures that detail signs and symptoms specific to the child describing how to identify that they are having an allergic reaction and what to do if they experience a reaction.

· Each child's individualized plan and emergency procedures will be made available and accessible wherever the child may be present while receiving child care.

· In cases where a child has food allergies and the meals and snacks provided by the provider cannot meet the child's needs, the parent may be asked to supply snacks/meals for their child. All written instructions for diet provided by a parent will be implemented.

· The home child care agency will communicate with the Ministry of Education by reporting serious occurrences where a life-threatening situation occurs in accordance with the established serious occurrence policy and procedures.

· This communication plan will be continually reviewed to ensure it is meeting the needs of the home child care agency and that it is effectively achieving its intended result.

All Child Care Solutions Inc.

Notes:

Prospective parents considering care with our agency have access to this handbook **free of charge**;
This handbook is available to registered parents of all children receiving care from our agency **free of charge**;
Parents are provided an updated version of the parent handbook when modifications are made free of charge.

(The above stated is available via digital or hard copy if requested and available).

Instructions issued by the Office of the Chief Medical Officer of Health

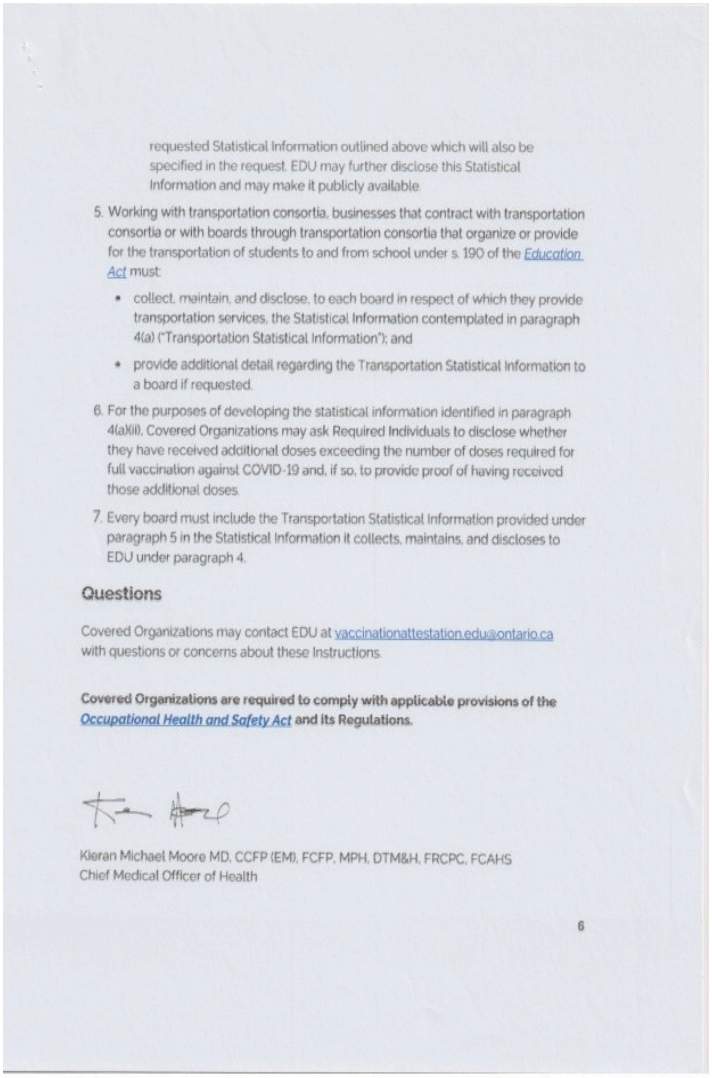

ALL PREVIOUS VERSIONS OF INSTRUCTIONS ISSUED TO THE COVERED ORGANIZATIONS LISTED BELOW ARE REVOKED AND REPLACED WITH THESE INSTRUCTIONS.

WHEREAS under subsection 2(2.1) of Schedule 1 of O. Reg. 263/20: Rules for Areas in Step 2 and subsection 2(2.1) of Schedule 1 of O. Reg. 364/20: Rules for Areas at Step 3 and at the Roadmap Exit Step under the *Reopening Ontario (A Flexible Response to COVID -19) Act, 2020* (ROA) the person responsible for a business or organization that is open shall operate the business or organization in compliance with any advice, recommendations and instructions issued by the Office of the Chief Medical Officer of Health (OCMOH):

a) requiring the business or organization to establish, implement and ensure compliance with a COVID-19 vaccination policy; or
b) setting out the precautions and procedures that the business or organization must include in its COVID-19 vaccination policy.

AND WHEREAS

- some staff, volunteers, third party contractors, student practitioners and other professionals who provide in-person services in public schools, private schools and licensed child care settings remain unvaccinated, posing risks to staff and students;
- vaccines provide the best protection against COVID-19;
- understanding vaccine status is key to helping keep child care and school settings safe;
- responses to outbreaks can vary based on vaccination status;
- keeping children and youth in school to the fullest extent possible is critical to learning, development, and well-being; and
- the protection of children in child care and schools from COVID-19 disease also enhances the protection of other community members by reducing the risk of disease transmission during an outbreak.

requested Statistical Information outlined above which will also be specified in the request. EDU may further disclose this Statistical Information and may make it publicly available.

5. Working with transportation consortia, businesses that contract with transportation consortia or with boards through transportation consortia that organize or provide for the transportation of students to and from school under s. 190 of the *Education Act* must:
   - collect, maintain, and disclose, to each board in respect of which they provide transportation services, the Statistical Information contemplated in paragraph 4(a) ("Transportation Statistical Information"); and
   - provide additional detail regarding the Transportation Statistical Information to a board if requested.
6. For the purposes of developing the statistical information identified in paragraph 4(a)(ii), Covered Organizations may ask Required Individuals to disclose whether they have received additional doses exceeding the number of doses required for full vaccination against COVID-19 and, if so, to provide proof of having received those additional doses.
7. Every board must include the Transportation Statistical Information provided under paragraph 5 in the Statistical Information it collects, maintains, and discloses to EDU under paragraph 4.

Questions

Canada Wide Early Learning and Child Care Agreement (CWELCC)

Dear Parent,

In March 2022 the Province of Ontario announced they had reached an agreement with the Government of Canada for a national child care plan. This plan is the Canada Wide Early Learning and Child Care Agreement (CWELCC)

Part of this plan is to reduce the fees for child care for children under the age of six. (Six yr. olds are only eligible if they turned 6 before June 30)

If you currently a parent rate of $0.00 there will be no change due to CWELCC for your parent rate and you will not be entitled to a refund of fees.

Child care operators, across the Province, were given the option to join this program. Operators have until November 1, 2022 to notify The Region of Durham if they plan to join the CWELCC program. If a centre does not to join CWELCC there will be no lowering of their fees and parent rates for children on fee subsidy will not be lowered while attending this site.

If your child care operator joins CWELCC and your child is of eligible age your parent rate will be reduced by 25%, starting in October. You will receive an official email outlining the change in your parent rate as your file is reviewed. Please note if your child care operator waits the deadline of November 1, 2022, your new parent rate will not be processed until November or December.

As the CWELCC program is approving lower fees from April 1, 2022 onward, you may be entitled to a refund of 25% of the fees you paid for child care (if your child is of the eligible age and if your child care operator joins CWELCC.) It does not matter what month your child care operator joins CWELCC, you will still be entitled to the refund back to April 1, 2022 if your child was attending the child care operator and you had a parent rate.

Child care operators will start to receive funds in October, depending on when they submitted their CWELCC application. They will need some time to calculate your refund. Please speak to your child care operator for more details. Based on the parent rate you have been approved for, fee subsidy will outline for each child care operator what you are owed for a refund, again these calculations will not be completed until after October 1, 2022.

School age children that are in grade 1 or older are not eligible for the CWELCC program and therefore will not have their parent rates reduced. If you have one child that is eligible for CWELCC based on age and centre's CWELCC application and one child that is not eligible you will have a different parent rate for each child.

As children age out of the CWELCC program your parent rate will increase to the full amount as per the income test that Children's Services completes based on the most recent Notice of Assessment.

Caseworkers are unable to answer questions about CWELCC parent rates, at this time. Yet, once you do receive your official letter by email, if you have questions you may then contact your ongoing caseworker at that time. Questions about rebate dates can only be discussed with your child care operator. Centres will need time to prepare these rebates, your patience with your child care operator is appreciated.

Sincerely,

Children's Services Division

All Child Care Solutions Inc. Is a proud <u>ENROLLEED</u> CWELCC partner with the province of Ontario. We will continue to support quality, accessibility, affordability and inclusive in our early learning licensed child care programs that serve eligible children.

CWELCC CONT'D:
The Canada-Wide Early Learning and Child Care (CWELCC) system supports quality, accessibility, affordability, and inclusivity in licensed child care. It was initiated and funded by the Government of Canada (opens in new window) and CWELCC is a five-year plan to reduce the cost of child care to an average of $10 per day by 2026.

Child Eligibility:
To be eligible for CWELCC fee reductions that will help with the cost of child care, children need to be under the age of six, and enrolled in a child care program participating in CWELCC.

If your child turns six between January 1 and June 30 and is enrolled in a CWELCC participating Preschool, Kindergarten, Family-Age Group or Home Child Care (enrolled through the agency or privately) program, they are eligible for a fee reduction until June 30.

If your child turns six years of age after June 30, and is enrolled in a CWELCC participating Preschool, Kindergarten, Family Age Group or Home Child Care (enrolled through the agency or privately) program, they are eligible for a fee reduction until the end of the month in which they turn six.

If your child is enrolled in a CWELCC participating School-Age program and turns six, they are eligible until the end of the month they turn six.

Child Care Fees and Reduction
If your child is enrolled in a CWELCC participating program, how much you will pay for child care will depend on what the child care fee was on March 27, 2022. Fees were 'frozen' on this date (unless the child care program communicated an increase to families before that time).

In 2022, CWELCC participating programs had to refund 25% of frozen child care fees, to a minimum of $12, retroactive to April 1, 2022 and reduce fees going forward.

In 2023, CWELCC participating programs had to reduce their frozen child care fees by 52.75% to a minimum of $12 per day.

In 2024, currently, CWELCC participating programs must continue to reduce their frozen child care fees by 52.75% to a minimum of $12 per day.

If you are receiving a Child Care Fee Subsidy, please go to the Child Care Fee Subsidy & CWELCC section.

Child Care Fees
There are two types of child care fees: base fees and non-base fees.

Base fees are mandatory costs that families must pay to receive child care.

All mandatory fees that are part of the base fee to access child care must be frozen to the March 27, 2022 rate
Mandatory fees may not be increased
New mandatory fees may not be introduced
Non-base fees are optional services, where there is an additional fee.

These fees are not supported under CWELCC. For example, where a separate fee is charged by Child Care Programs for optional music classes.
Refundable deposits or deposits applied to the last weeks/months of care do not have to reflect CWELCC reductions. These deposits will be applied towards the last weeks/months fees and families will receive the CWELCC benefit at that time.

Fee Reduction Examples
Example A: Daily Fee
If the frozen daily fee was $100 on March 27, 2022 (this is the date child care fees were frozen, unless the program communicated an increase to families before that time):

The reduction in 2022 was 25%, making the fee families pay $75
The reduction in 2023 is 52.75%, making the fees families pay $47.25

Example B: Monthly Fee
If the frozen monthly fee was $1,000 on March 27, 2022 (this is the date child care fees were frozen, unless the program communicated an increase to families before that time):
The reduction in 2022 was 25%, making the fee families pay $750
The reduction in 2023 is 52.75%, making the fees families pay $472.50

Example C: $12 Minimum Daily Fee

If the frozen daily fee was $25 on March 27, 2022, (this is the date child care fees were frozen, unless the program communicated an increase to families before that time):
The reduction in 2022 was 25%, making the fee families pay $18.75
The reduction in 2023 is 52.75%, making the fees families pay the CWELLC minimum of $12.00 (The actual reduced fee amount is $9.89 based on the 52.75% reduction, but the minimum daily fee is $12).

Fees Cont'd.
The following are lists of possible fees we reserve the right to charge pending criteria.

Fees for statutory holidays are double charge to the parent and double payment to the provider if the client (parent) chooses to attend care during this time.

Public Fee Rates reflect the frozen rate as of March 27 2022 (CWELCC).

Mandatory Base fee's eg.
Mandatory base fees are charged per agreement ie: parent attending 5 days per week, 4 days per week or part time. Etc

Non Base fees eg. (charges are scaled)
Parents receiving regular care, but requesting occasional emergency or late pickup.
Parents request emergency overnight care.
NSF or unforeseen bank, credit, or debit charges

Non Base fees (Agency loss) eg.
Parents who leave the agency without notice. (1 - 2 months fee)
Parents received care under false pretenses (no deposit, received care without payment) Agency had to pay providers out of pocket resulting in a double loss.

Occasional care, Appointments, Meetings, Authorized official meetings ie; CAS, Parent training obligations etc etc.

Parent Fees:

This Cart Reflects a parent rate reduction of 52.75% as of April 2024 (What Parents pay the agency)

	Daily Fee Freeze Rate	**Rate after CWELCC Reduction**
0-2 Years (Full Time Care)	Public Rate $60.00	Reduced Parent Rate (CWELCC) $28.35
2-4 Years (Full Time Care)	Public Rate $57.50	Reduced Parent Rate (CWELCC) $27.17
0-2 Years (Weekend Care)	Public Rate $70.00	Reduced Parent Rate (CWELCC) $33.08
2-4 Years (Weekend Care)	Public Rate $65.00	Reduced Parent Rate (CWELCC) $30.71

Home Child Care
Safe Arrival and Dismissal Policy and Procedures

Name of Home Child Care Agency: All Child Care Solutions Inc.
Date Policy and Procedures Established: November 29, 2023.
Date Policy and Procedures Updated: November 29, 2023.

Purpose

This policy and the procedures within help support the safe arrival and dismissal of children receiving care.

This policy will provide home child care providers, staff (e.g., home child care visitor, home child care agency administrators, etc.), students and volunteers with a clear direction as to what steps are to be taken when a child does not arrive at the home child care premises as expected, as well as procedures to follow to ensure the safe arrival and dismissal of children.

This policy is intended to fulfill the obligations set out under Ontario Regulation 137/15 for policies and procedures regarding the safe arrival and dismissal of children in care.

Note: definitions for terms used throughout this policy are provided in a Glossary at the end of the document.

Policy and Procedures

Accepting a child into care

The home child care provider is responsible for signing children in on the attendance record as children arrive at the home premises where care is provided.

The home child care provider is responsible for ensuring any communication from parents/guardians related to drop-off or absences is noted on the daily written record.

Where a child has not arrived in care as expected

1. Where a child does not arrive at the home child care premises and the parent/guardian has not communicated a change in drop-off or that the child will be absent (e.g., left a voice message or advised the home child care provider at pick-up) the home child care provider must:
    - contact the child's parent/guardian not later than [include time of day here (e.g., **10:00 am**).] Home child care providers shall [include method of contacting child's parent/guardian (e.g., **telephone call, send text message or email**), how long do home child care provider's continue to contact parent/guardian for if no response is received (e.g., **must call at least once and leave message, must make contact with an adult to confirm absence etc**.).]

- [include additional steps for home child care provider where they are not able to reach any parent/guardian to confirm the child's absence from care (e.g., **contact home child care visitor, home child care agency administrator**, police, etc.).]

2. Once the child's absence has been confirmed, home child care provider shall document the child's absence on the attendance record and any additional information about the child's absence in the daily written record.

Releasing a child from care

The home child care provider shall only release the child to the child's parent/guardian or another individual that the parent/guardian has provided written authorization that the child may be released to.

Where the home child care provider does not know the individual picking up the child, the home child care provider must ask the parent/guardian/authorized individual for photo identification and confirm the individual's information against the parent/guardian/authorized individual's name on the child's file or written authorization provided by parent/guardian.

Where a child has not been picked up as expected

1. Where a parent/guardian or authorized individual who was supposed to pick up a child from care and has not arrived by [include time or timeframe for when home child care provider shall proceed with contacting parent/guardian (consideration to be given where the provider has alternate operating hours (e.g., overnight care)).], home child care provider shall ensure that the child is given a snack and activity, while they await their pick-up.
2. [Include next steps such as, home child care provider shall contact the parent/guardian or home child care visitor or agency, who will then contact the parent/guardian] to advise that the child is still in care and inquire their pick-up time. In the case where the person picking up the child is an authorized individual, [include who should contact the individual (e.g., home child care visitor, agency, etc.) and steps to follow such as, contact the parent/guardian first and then proceed to contact the authorized individual responsible for pick-up if unable to reach the parent/guardian/guardian.]
3. Where the home child care provider is the person contacting the parent/guardian and they have been unable to reach the parent/guardian or authorized individual who was responsible for picking up the child, the home child care provider shall [insert next steps (e.g., contacting the home child care visitor, home child care agency, authorized individuals listed on the child's file, etc.).]

4. Where the [insert role (e.g., home child care provider, home visitor, etc.)] is unable to reach the parent/guardian or any other authorized individual listed on the child's file (e.g., emergency contacts) by [insert time], the home child care provider shall proceed with contacting the local Children's Aid Society (CAS) [include contact information here]. The home provider shall follow CAS's direction with respect to next steps. The home child care provider shall also advise the [insert role (e.g., home child care visitor, licensee, etc.).]

Dismissing a child from care without supervision procedures

Note: Please select from the below which option fits your program and delete all other options.

Option 1: Home child care provider will only release children from care to the parent/guardian or other authorized adult. Under no circumstances will children be released from care to walk home alone.

Option 2: Where a parent/guardian has provided written and signed authorization for their child to be released from care without supervision, home child care provider must be responsible for dismissing the child from care. Prior to dismissing the child from care, the home child care provider shall review the written instructions for release provided by the parent/guardian and release the child at the time set out in the instructions. The home child care provider shall document the time of departure from care and as well as their initials on the attendance record.

Additional Procedures

Consider including additional procedures, as applicable.

Glossary

Home Child Care Provider: The person in charge of the children in a premises where home child care is provided.

Home Child Care Visitor: An employee of the home child care agency who will provide support at and monitor each premises and will be responsible to the licensee.

Individual authorized to pick-up/authorized individual: a person that the parent/guardian has advised the child care program staff in writing can pick-up their child from care.

Licensee: The individual or corporation named on the licence issued by the Ministry of Education responsible for the operation and management of the home child care agency.

Parent/guardian: A person having lawful custody of a child or a person who has demonstrated a settled intention to treat a child as a child of his or her family.

Regulatory Requirements: Ontario Regulation 137/15

Safe arrival and dismissal policy

50. Every licensee shall ensure that each child care centre it operates and each premises where it oversees the provision of home child care has a policy respecting the safe arrival and dismissal of children that,

(a) provides that a child may only be released from the child care centre or home child care premises,

(i) to individuals indicated by a child's parent, or

(ii) in accordance with written permission from a child's parent to release the child from the program at a specified time without supervision; and

(b) sets out the steps that must be taken if,

(i) a child does not arrive as expected at the centre or home child care premises, or

(ii) a child is not picked up as expected from the centre or home child care premises.
